# AUDIO/VIDEO BEST PRACTICES
## 3 Quick Tips for Presenting in the One Button Studio
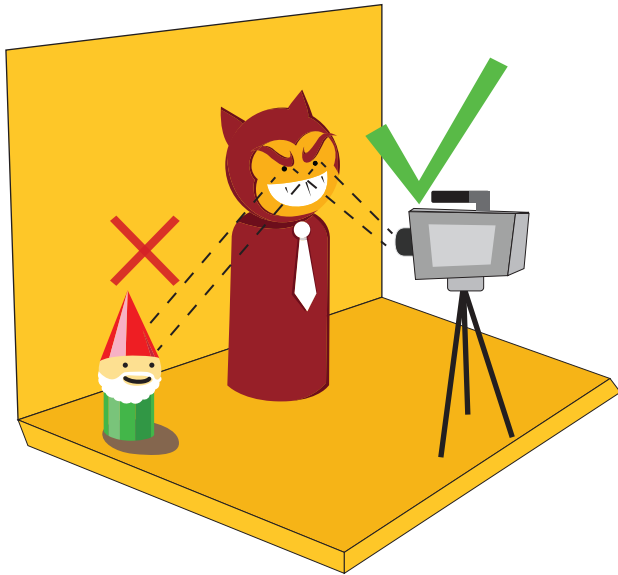

## TIP #1

Look at the camera. The camera is your virtual audience and creates eye contact for viewers when they watch the video.

## TIP #2

Speak in your "presenter voice". Speak in a louder volume for best audio quality results.

## TIP #3

Stand when you present. Standing give promotes good posture and allows for expressive body language.

## RECAP

☑ Focus your view on the camera to promote eye contact with the "audience" for the video.

☑ Speak clearly and loud for the best audio quality.

☑ Stand up to present, it promotes hand gestures and is less restrictive for breathing.
